Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- | | |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00 |
| By other than a small entity..... | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity..... | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity..... | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-24 allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1, 6-11, 13-16 and 18-21 is the inclusion of the limitation of an ink jet print apparatus comprising a combination of a plurality of sub-flushing operation are intermittently repeated in one flushing with a first interval and each sub-flushing operation including a plurality of ink ejections repeated for a predetermined times with a second interval which is shorter than the first time interval. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.
- The primary reason for the allowance of claims 2 and 3 is the inclusion of the limitation of an ink jet print head comprising an ejection frequency in a final flushing operation is higher than an ejection frequency in an initial flushing operation. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.
- The primary reason for the allowance of claims 4 and 5 is the inclusion of the limitation of an ink jet print head comprising the repeated number of ink ejection in a final flushing operation is greater than the repeated

number of ink ejection in an initial flushing operation. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

- The primary reason for the allowance of claim 12 is the inclusion of the limitation of an ink jet print head comprising a vibrating number is determined in accordance with the measured length of the stand-by time period. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.
- The primary reason for the allowance of claim 17 is the inclusion of the limitation of an ink jet print head comprising the combination of a drive signal generator, which generated a common drive signal including a flushing waveform configured to perform an ink ejection and a meniscus vibrating waveform configured to vibrate a meniscus of ink in the nozzle orifice. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ebisawa et al. (USPN 5,805,180) discloses plurality of sub-flushing operation are intermittently repeated in one flushing with a first interval (Fig.24). However, Ebisawa et al does not teach each sub-flushing operation including a plurality of ink ejections repeated for a predetermined times with a second interval which is shorter than the first time interval as the present invention.
